Luke Morris – Head of Production Services (Design- VS)  
E: [luke@design-vs.com](mailto:luke@design-vs.com)  
M: +971 55 635 5003

## **EXPERIENCE AND REFERENCES:**

Liam comes with 15 years of background experience in the film industry. His father being a well reputed Camera Technician and his mother a Film Crewing Agent.

Every school vacation Liam would 'freelance' on film sets for commercials, feature films and music videos. This gave Liam a very broad, yet basic, knowledge of film sets.

In December 2009 after completing his matriculation in South Africa, Liam decided to relocate to the UAE and live where both his father and mother now reside. It was a natural progression for him to start his future career in the film industry here.

Liam is an energetic, hard working crew member that shows a passion for each project he is faced with. His popularity and eagerness ensures that he is constantly busy. Liam is an asset to any film set.

At the beginning of 2011 Liam moved into the position of Junior Production Coordinator, where his passion truly lies in production.

Liam has worked on multiple events throughout the UAE and International. As well as a few major feature films that have been shot in the UAE

In May 2011 Liam received his certificate after having successfully completed a First Aid and Basic Life Support for All Ages course. He is qualified to practice Life Support and First Aid throughout the GCC.

### **Nicki Taylor : Agent for MediaCrew Dubai**

I worked with Liam Meyer during the filming of Ultimate Airport Dubai, for National Geographic, over a period of six months. He's a hard working, team player, who is always willing to help whenever asked in a wide range of ways be it as a camera assistant, production assistant or logger.

I would employ him at the drop of a hat!

### **Craig Blackhurst: Series Producer for National Geographic - Ultimate Airport**

## PRODUCER

### Professional Summary

Currently working as a **Virtual Production Producer**, I am managing a studio of over 30 crew members at **Web3 Productions** in Dubai, UAE.
