Softwares Skills:
 Movie Magic Sheduling 6.2
 Office, Pages, Numbers, Keynote...

A BIT ABOUT ME

I was borned in Southern Spain and started my career in the movie industry in Barcelona in 2013 assisting international directors all over Spain with production companies such as MJZ, Iconoclast, Rattling Stick, Quad or Corner Shop amongst others.

ABOUT MY WORK

Bilingual Spanish - English and fluent in French I communicate easily and get along with international teams and Directors.

Wide experience on Movie Magic, Pages, Keynote, Numbers and Office.

I am focused on being efficient while prepping and shooting and also believe in creating cheerful vibes on set as well as getting involved with everyone in production department, crew and clients. This way we can create a pleasant and productive experience for everyone involved no matter the nature of the job. I am also adaptable to all production budgets.

I like shooting with large crowds, camera cars, process trailers, rolling blocks, lock offs, traffic police control, vfx, stunts, aerial, underwater scenes, VIPs, fashion, sport brands as well as beverage and food but what I really don't like is shooting cat food commercials with Supertechno Cranes.
